

Resources for Machine Learning Tools - Intermediate

Building a Recommendation System with Python Machine Learning and AI – Video Course (1h, 38m)	<i>In this hands-on course, Lillian Pierson, P.E. covers the different types of recommendation systems out there, and shows how to build each one.</i>
Machine Learning with SciKit-Learn – Video Course (43m)	<i>In this course, data scientist Michael Galarnyk explains how to use scikit-learn for supervised and unsupervised machine learning.</i>
Machine Learning with Python for Everyone – eBook (353 pages)	<i>The Complete Beginner's Guide to Understanding and Building Machine Learning Systems with Python.</i>
Probability and Statistics for Machine Learning – Video (8h, 58m)	<i>Hands-on approach to learning the probability and statistics underlying machine learning.</i>
Building Machine Learning Pipelines – eBook (9h, 2m)	<i>In this practical guide, Hannes Hapke and Catherine Nelson walk you through the steps of automating a machine learning pipeline using the TensorFlow ecosystem.</i>
